

**Connecticut Dermatology and
Dermatologic Surgery Society**
Virtual CME Scientific Meeting

Agenda Packet
Wednesday, March 9, 2022

Program Hours 6:00 - 8:00 pm
www.ctdermatologysociety.org

VIRTUAL AGENDA

6:00 pm Welcoming Remarks – **Mona Shahriari, MD, Howard Rogers, MD, Debbie Osborn**
Legislative and Coding Updates

Part 1

6:15 pm Nailing the Diagnosis: Updates in Diagnosis and Management for Nail Unit Tumors and Inflammatory Nail Disorders – **Amanda Zubek, MD, PhD**

Objectives: 1) To be able to describe common characteristics of longitudinal melanonychia that would necessitate biopsy. 2) To be able to describe the differential diagnosis and initial management of common benign and malignant nail unit tumors. 3) To be able to describe the common clinical findings and differential diagnosis for nail lichen planus and nail psoriasis, and describe treatments for these conditions.

This activity has been planned and implemented in accordance with the Essentials and Standards of the Connecticut State Medical Society through the joint sponsorship of CSEP and The Connecticut Dermatology & Dermatologic Surgery Society. CSEP is accredited by the CSMS to provide continuing medical education for physicians.

CSEP designates this educational activity for a maximum of 1.0 AMA PRA Category I Credit(s)[™] toward the AMA Physicians Recognition Award.

Each physician should claim only those hours of credit that he/she spent in the activity.

Amanda Zubek, MD, PhD

Dr. Zubek is an Assistant Professor of Dermatology at Yale School of Medicine in New Haven, CT. She is medical director of the Yale Dermatology-Middlebury practice location where she practices general medical dermatology and has a special interest in nail disorders. Dr. Zubek graduated from Northwestern University Feinberg School of Medicine in Chicago, IL with an MD and PhD in cell biology. Dr. Zubek completed internship and dermatology residency at Yale New Haven Hospital, and a postdoctoral research fellowship where she studied the role of nuclear membrane proteins in hair follicle structure. She is very involved in resident and medical student dermatologic education, supervising the resident continuity clinics, leading the medical student dermatology live patient workshop, and serving on the Yale Dermatology residency selection committee. Dr. Zubek lives in North Haven with her husband, 2 children and rescue dog.

Outcome Measurements

Name:

1. Has this symposium changed the way you will care for patients?
 Yes No
2. Do you believe this symposium will have a positive effect on patient surgical or clinical outcomes?
 Yes No
3. Can you offer other speakers or talks that will provide information to improve clinical outcomes at the next meeting?
 Yes No
4. Has this program increased your medical knowledge?
 Yes No

ACGME COMPETENCIES

This course is designed to meet one or more of the following Accreditation Council of Graduate Medical Education competencies:

- Patient care
- Medical knowledge
- Practice-based learning and improvement
- Interpersonal and communication skills

Education Mission Statement

We are committed to advancing the highest standards of skin care through continuing education activities. The Connecticut Dermatology and Dermatologic Surgery Society Semi-annual Scientific Education Programs are dedicated to improving and protecting our patient's skin health by presenting advances in the diagnosis and treatment of skin disease.

Our target audience includes dermatologists and their staff, including office managers and medical assistants. Activities range from didactic lectures to participatory activities, and whenever possible are approved for CME credit. We expect that our audience will incorporate best practices, as presented, into their daily practice. Specific competency, performance and patient outcome goals that will result from the program will be proposed by the presenters and evaluated by the participants.

(Reviewed 1/22
by the Executive Committee)

Part 2

7:00 pm A Bright Horizon: Staying Up To Date with New and Emerging Therapies for Atopic Dermatitis – **Luz Fonacier, MD & Andrew C. Krakowski, MD**

Objectives: This activity will provide dermatologists with up-to-date information on management of moderate to severe AD, including the health burden of uncontrolled disease, identification of patients with more severe disease who require treatment escalation, evidence-based use of newer targeted therapies, and how emerging therapies may impact AD management in the near term.

PROGRAM FACULTY

Luz Fonacier, MD
Professor of Medicine
NYU Long Island School of Medicine
Training Program Director
Head Section of Allergy
NYU Langone Health
New York, NY

Andrew C. Krakowski, MD
Network Chair of Dermatology
Program Director for the Residency in Dermatology
St. Luke's University Health Network
Bethlehem, PA

PHYSICIAN ACCREDITATION STATEMENT – This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Potomac Center for Medical Education and Rockpointe. The Potomac Center for Medical Education is accredited by the ACCME to provide continuing medical education for physicians.

PHYSICIAN CREDIT DESIGNATION STATEMENT – The Potomac Center for Medical Education designates this live activity for a maximum of 1.0 *AMA PRA Category 1 Credit*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABIM MOC RECOGNITION STATEMENT – Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 1.0 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of

Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

AMERICAN BOARD OF ALLERGY AND IMMUNOLOGY (ABAI) MOC INFORMATION

Diplomates of the American Board of Allergy and Immunology (ABAI) must attest to obtaining 25 hours of Allergy/Immunology-specific CME credits from accredited organizations every year in order to fulfill the lifelong learning component of MOC. Participation in this activity will support board certified allergists and immunologists in contributing towards this MOC requirement set forth by the ABAI.

AMERICAN BOARD OF DERMATOLOGY (ABD) MOC INFORMATION – Dermatologists certified by the American Board of Dermatology (ABD) must earn a minimum of 25 hours of *AMA PRA Category 1 Credits*[™] annually. Half of these credits must be Dermatology practice-specific CME credits from accredited organizations in order to fulfill the lifelong learning component of MOC. Participation in this activity will support board certified dermatologists in contributing towards this MOC requirement set forth by the ABD.

MIPS CREDIT DESIGNATION STATEMENT- Completion of this accredited CME activity meets the expectations of an Accredited Safety or Quality Improvement Program (IA_PSPA_28) for the Merit-based Incentive Payment Program (MIPS).

FEE AND RECEIVING CME CREDIT/MOC POINTS – There is no fee for this activity. To receive credit, participants must register, view the live CME/MOC activity in its entirety, and then complete the post-test, with a score of 70% or better, and evaluation. The estimated time for completion of this activity is 1 hour. To receive a certificate, participants must demonstrate mastery of the presented material via the post-test. Participant is allowed to take the post-test multiple times.

Disclosures will be made known to participants before the activity.

Jointly provided by the Potomac Center for Medical Education and Rockpointe

This activity is supported through an educational grant from Pfizer Inc.
